REVOLUTIONIZING NIGHTLIFE ACCESS: GUESTLIST.BOSTON LAUNCHES TO GET PARTYGOERS INTO CLUBS FOR FREE

Boston, MA – April 4 2024 – Guestlist.Boston, a groundbreaking new platform dedicated to revolutionizing nightlife access in Boston, officially launches today. Founded by Dolan Ventures, Guestlist.Boston's primary goal is to get partygoers into clubs for free, with no strings attached.

Boston's nightlife scene is renowned for its exclusivity, with long lines, cover charges, and exclusive guest lists often posing barriers to entry for many. Recognizing the need for a solution that would eliminate these barriers, Dolan Ventures embarked on a mission to democratize nightlife in Boston.

Guestlist.Boston is not just another ticketing platform—it's a social movement aimed at breaking down barriers and creating unforgettable experiences. By partnering with the hottest clubs in Boston, Guestlist.Boston provides its members with exclusive access and perks, all at no cost.

"We believe that everyone should have the opportunity to experience the best of Boston's nightlife scene, regardless of their background or budget," said Tyler, Founder and CEO of Guestlist.Boston. "Our main goal is to make clubbing accessible to all by offering free access, no strings attached, to the city's most coveted events and venues."

In addition to providing unparalleled access to Boston's nightlife, Guestlist.Boston is also committed to giving back to the community. Through partnerships with local charities and initiatives, Guestlist.Boston is using its platform to make a positive impact on the city.

Join the movement and experience nightlife like never before with Guestlist.Boston. Say goodbye to FOMO and hello to unforgettable memories—all for free.
